

1 minute of your time
1 dollar a week
1 choice to make a difference

From Just \$1 A Week

Give1 is our latest regular giving campaign in response to Covid-19, to help the **most vulnerable people** in our communities who are suffering even more so due to the global pandemic.

TLC for Kids is one of the **only** charities who has been able to continue supporting sick and disabled children and their families during this time of crisis.

This isn't the time for grand gestures or fancy experiences. We are empowering families by helping them with their **basic needs**, enabling them to focus on caring for their child.

We don't know yet what effect the pandemic will have on our economy, and thus on our ability to give emergency relief and support to these families.

That's why we need you.

Give **one minute of your time** to set up **one donation a week**, of **one dollar** or more.

With your ongoing help, we can ensure that our safety net is always there to catch our most vulnerable community members when they slip through gaps in the system.

Like to know more or want to help us spread the word? Get in touch today or simply share this flyer.
